Subject: Thank You, BankUnited!

BankUnited's support helps create affordable homeownership opportunities for local families

Thank you!

The Community Land Trust of Palm Beach County & the Treasure Coast extends our sincere gratitude to BankUnited for its generous support of our Affordable Housing Program.

This funding helps us continue our mission of developing and preserving affordable housing opportunities for low- and moderate-income residents of Palm Beach County and the Treasure Coast. BankUnited's investment supports critical program activities including housing development, homebuyer counseling, and long-term stewardship services that help members of our community achieve and maintain successful homeownership.

Through partnerships like this, we are able to expand access to affordable housing and strengthen the communities we serve.

Thank you, BankUnited, for helping make affordable homeownership possible.

Together, we are building stronger communities - one home at a time.
